Nitzan was our videographer for our wedding. He is extremely talented, professional and went above and beyond to capture our day for us.

From our first meeting to final videos, the entire process was so easy for us as Nitzan had such a great vision and incorporated all of the special moments we wanted to capture. His professionalism meant that we didn't even notice he was filming at certain times :)

In particular, we loved how he managed to capture so much emotion in his filming and editing and the cinematography style camera angles were epic!

We are so happy with our wedding videos and will treasure them for years to come. I would highly recommend HaninMedia to any brides looking for a wedding videographer!
